

# BONTEMPI SPACE

// *Bontempi casa*

**BONTEMPI**  
CASA

## // RETAIL TARGET

IT • Spazi dedicati andranno a valorizzare l'**identità del brand Bontempi**, al fine di creare un'esperienza sensazionale che permetta al consumatore finale di riconoscerne le caratteristiche uniche e distintive.

EN • *Dedicated spaces will enhance the **identity of the Bontempi brand**, in order to create a sensational experience that allows the final consumer to recognize its unique and distinctive characteristics.*

## // CONSUMER EXPERIENCE

IT • Indipendentemente dalla dimensione dello spazio dedicato, il cliente dovrà essere sempre immerso nel "**mondo Bontempi**" per viverne l'eleganza, la raffinatezza e l'unicità che da sempre viene trasmessa dalla straordinaria qualità della gamma prodotto.

EN • *Regardless of the size of the dedicated space, the customer must always be immersed in the "**Bontempi World**" to experience the elegance, refinement and uniqueness that has always been transmitted by the extraordinary quality of the product range.*

## // BONTEMPI SPACE

### *Mood*

IT • Il mood di presentazione Bontempi Casa fa riferimento alle immagini reference con l'applicazione delle materie e delle finiture studiate per la caratterizzazione degli spazi, atti a dimostrare il mood e rendere **riconoscibili** le aree Bontempi.

Tali elementi, con le possibili varianti a seguito identificate, sono state utilizzate per la realizzazione del **flagship store di Milano in via Turati**, che ne è il primo esempio reale.

Il criterio di presentazione dei prodotti rispecchia la metafora della Casa Bontempi: è necessario posizionare i prodotti a "gruppi", completi

di complementi, accessori coordinati tra loro nelle scelte materiche, evitare ogni sovrapposizione di prodotti della medesima categoria, evitare l'inserimento di prodotti singoli che non abbiano un preciso riferimento al gruppo in cui sono inseriti.

Ovvero privilegiare **una presentazione che renda leggibile la «casa Bontempi» più che la singola presentazione di prodotto.**

Oltre ai prodotti che preferenzialmente occupano il centro degli **spazi a terra** per una altezza limitata ( h tavolo o divano ) è molto importante occupare gli

**spazi verticali** con l'uso delle librerie ed i **volumi alti** con l'istallazione delle lampade. Per il medesimo motivo sono essenziali i **rivestimenti parziali delle pareti** che formano lo sfondo dei prodotti, evitando le semplici pareti tinteggiate.

## // BONTEMPI SPACE

### *Mood*

EN • The Bontempi Casa presentation mood refers to the reference images with the application of the materials and finishes chosen for the characterization of the spaces, designed to demonstrate the mood and to make the Bontempi areas **recognisable**.

These elements, with their possible variations identified below, were used for the creation of the **Milan flagship store in via Turati**, which is the first real example.

The presentation criterion of the products reflects the metaphor of Bontempi home: it is necessary to show the products in "groups", complete with complements, accessories

coordinated with each other in the choice of materials, avoiding any overlapping of products of the same category as well as any inclusion of single products that do not have a precise reference to the group in which they are inserted.

That is, **favoring a presentation that makes the "Bontempi home" more legible than the individual presentation of the product.**

In addition to products that preferentially work on the **floor** at the center of the spaces reaching a limited height (h table or sofa), it is very important to occupy the **vertical spaces** with the use of bookcases and the **tall**

**volumes** with the installation of the lamps. For the same reason, **partial coverings of the walls** that form the background of the products are essential, avoiding simple painted walls.

// **BONTEMPI SPACE**

// **BONTEMPI SPACE**

*Mood*

## // BONTEMPI SPACE

IT • I Bontempi Space sono spazi di presentazione del prodotto Bontempi Casa personalizzati dimostrando il **mood Bontempi**.

L'area di presentazione deve aver presenti gli elementi costitutivi previsti nel presente manuale, pavimenti, pareti canneggiate e colori.

La presenza e distribuzione del prodotto sono vincolate dalle caratteristiche dello spazio in cui questo è inserito. Queste possono modificarne l'impostazione e vanno verificate di volta in volta, devono essere riconoscibili e diversificarsi rispetto al contenitore negozio o vetrina. Gli schemi delle varie superfici sono quindi riportati a titolo

esemplificativo della possibile formazione di aree separate all'interno dell'intero spazio.

Gli spazi saranno soggetti a **progettazione planimetrica** e necessiteranno dell'installazione di pavimento ed elementi di separazione interni, per assicurare una **delimitazione** rispetto alle aree limitrofe del negozio.

Tutti gli spazi inoltre saranno caratterizzati da parete decorativa canneggiata, indicazione specifica di colore pareti e marketing tools.

La presenza dei prodotti è indicativa e potrà variare in funzione delle scelte commerciali stabilite con il

dealer e sostituite nel tempo in base all'evoluzione del prodotto Bontempi.

**È importante che tutti gli spazi restino completi**, che non vengano privati di elementi e non vengano posizionati prodotti di altri brands.

E' compito della rete vendita vigilare sulla corretta gestione degli spazi.

## // BONTEMPI SPACE

EN • The Bontempi Space layouts are personalized Bontempi Casa product presentation spaces showing the **Bontempi mood**.

The presentation area must include the fundamental elements introduced in this manual - floors, ribbed walls and colors.

The presence and distribution of the products depends on the characteristics of the space where they are located. These may change the setting and for this reason they must be checked from time to time, they must be recognizable and diversified compared to the shop area or to the showcase. The schemes of the various surfaces are therefore shown

as an example of the possible creation of separate areas within the entire space.

The spaces will be subject to **planimetric design** and will require the installation of flooring and internal separation elements, to ensure **delimitation** from the neighboring areas of the store.

All spaces will also be characterized by a decorative ribbed wall, specific indication of wall color and marketing tools.

The presence of the products is indicative and may vary depending on the commercial choices established with the dealer, and replaced over time

based on the evolution of the Bontempi product.

**It is important that all spaces remain complete**, that they are not deprived of elements and that products from other brands are not placed in. It is duty of the sales network to ensure the correct management of the spaces.
